

Join the *only* professional home for people working in *all* aspects of assistive technology.

RESNA's unique logo icon incorporates the ancient legend of the Gordian knot, an intricate puzzle created to amuse Alexander the Great. The Gordian knot and its solution is a metaphor about how RESNA members solve problems by "thinking outside of the box." Visit www.resna.org/about/what-resna-logo-means to learn how the puzzle was solved.

Promoting technology solutions
for people with disabilities

Find out more at www.resna.org/membership

The Rehabilitation Engineering and Assistive Technology Society of North America is the premier

professional organization dedicated to promoting the health and well-being of people with disabilities through increasing access to technology solutions.

RESNA advances the field by:

- Offering certification, continuing education, and professional development
- Developing assistive technology standards
- Documenting and disseminating clinical best practices
- Promoting and encouraging relevant research
- Advocating for public policies that increase access to technology
- Mentoring the next generation of assistive technology leaders
- Sponsoring forums for the exchange of information and ideas

Who are RESNA members?

RESNA members come from many different disciplines, but all share a passion for technology solutions that benefit people with disabilities. Our diverse membership includes rehabilitation and biomedical engineers, occupational therapists, physical therapists, speech-language pathologists, assistive technology specialists, computer scientists and developers, educators, manufacturers, suppliers, and inventors.

“What I love best is the diversity of the members; with diversity

comes a collection of innovation and ideas that help me in my practice.”

– Therese Willkomm, PhD, ATP

Networking, information sharing, mentoring, mutual support, volunteerism and the joy of discovery are hallmarks of the RESNA member experience.

Membership Benefits:

- **Assistive Technology Journal**—members receive an on-line subscription to this prestigious, quarterly, peer reviewed publication
- **Substantial discounts on our Annual Conference and other educational offerings**
To learn more about our Annual Conference and to register for it, visit www.resna.org/conference
 - \$100 off the ATP Application Fee
 - \$150 off the AT Fundamentals Course
- **Discounts on associated conferences, events and publications**
- **Networking and Professional Development**
 - Members-only Directory
 - Access to Professional Specialty Groups (PSG) and Special Interest Groups (SIG)—members can join as many PSGs and SIGs as they choose; these Groups provide a forum to share information, ask questions, get feedback and collaborate:

Professional Specialty Groups (PSGs)

- Educators
- Engineers and Technologists
- Occupational Therapists
- Physical Therapists
- Speech Language Pathologists/Audiologists
- Suppliers & Manufacturers
- Vocational Rehabilitation

Special Interest Groups (SIGs)

- Access and Communication Technology
- Accommodations
- Cognition and Sensory Loss
- Emerging Technologies
- International
- K – 12 Practice
- Wheeled Mobility and Seating

- **Member News**—this quarterly publication features news about Assistive Technology (AT) policies and programs as well as upcoming conferences and meetings
- **Member logo**—show your professional pride with a special logo for members only (See back cover to learn more about RESNA's logo.)
